## Challenges and Opportunities

by Gary M.

"Patience is a virtue". Patience can be defined as "steadfast despite opposition, difficulty or adversity" or "not hasty or impetuous". Virtue is a commendable quality or trait.

So where does that leave us in our search for a new home? It leaves us in just about the same place we were two months ago except that we have learned more about planning and zoning.

The board had what we thought was a good interim location only to find that the city of Campbell had recently revised a zoning plan that eliminated public assembly from the area where we had found a short term site. We had not and have not stopped looking for what we believe will be the best site for the Alano Club West but this was a setback-hence the patience part. I am learning what a virtue this is despite my natural drive to jump in with both feet,

see where the wave goes and clean up after. Making a hasty decision regarding our new home will not happen thanks to the dedication of our board.

We have a list of places we are investigating at this time and will not stop until we find what we believe to be the best place in the interest of our club. I would like to ask all of you, as members, to be on the watch for any place you see as prospective and let us know. We will look at all sites proposed and see if any fit our purpose, goals and of course our budget.

Please continue to pray about this. My experience has been that good things do indeed come to those who pray diligently and expectantly. And wait patiently!!

Gary M.

# Regular Board Meetings

The Alano Club West Board of Directors is currently holding its regular monthly meetings at the Alano Club of San Jose on Fair Avenue. Meetings are held on the third Thursday of each month at 6PM. If you have an item you would like to add to the meeting agenda, you may contact any of the Board members with your request.
